

TIPS AND NOTES FOR GUEST HOSTS

Let us know in advance what media format you will use (e.g. digital, vinyl, CD, cassette, etc.) so we can partner you with an experienced KOWS host to put together the media ahead of time. If you do not have a copy or access to a particular piece of music, letting us know ahead of time will allow us to work with some of our resources to make it available for the show.

You will be scheduled for a convenient broadcast time. Count on about one hour of on-air time to play some of your favorite tunes and hopefully share what it is you like about the music you've selected.

You can count on this being a fun experience for you and for our listeners! Here are a few tips for a successful broadcast.

- Select songs that will fit within a 50 minute time slot
- Allow up to 10 minutes for discussion
- Ensure that the media you'll be using is in good condition (no skips or smudges)
- Our KOWS Host will handle all technical aspects of the show (loading CDs, tapes, digital media, or vinyl) so you can focus on the music itself, not sound levels or flipping discs.

We look forward to your visit!
